

Pineapple Candle

You'll swear you're walking through a pineapple field.

Experience the mouthwatering tropical aroma of pineapples for 70 to 100 heavenly hours at a time, courtesy of our hand poured pineapple candle. It's positively yummy! While it enhances your residence with the soft glow of candlelight, our pineapple scented candle titillates your sense of smell with its luscious pineapple scent.

Our exclusive soy blend Pineapple Candle is a subtle accessory that can be used to brighten key areas of your home with its sunny yellow color. It also makes a great gift for those times when you're not sure about what to give to a hairdresser, teacher, babysitter, dog walker, or hostess.
